*CHES*S Program

In the game of chess, there are winners and losers. But when it comes to our Comprehensive Home Energy Savings Solution (CHES) program that saves members money, there are only winners. For just \$20, qualifying members can receive more than \$40 in energy-efficient materials—plus a completed energy audit with select improvements.

Each CHES appointment begins with a thorough home energy inspection where a certified technician will itemize findings. Some findings can be addressed immediately. The technician presents a written report of energy issues, a list of upgrades made, and suggestions to further improve the home's efficiency.

To start your savings, please fill out the Chess Application that may be found on our website or pick a copy of the application up at any of our offices.

2019 CHESS Application

By submitting this application, you are agreeing to pay \$20.00 to participate in the CHESS Program. You will receive at least \$40 in energy efficient materials plus, a completed energy audit and select improvements.

Name: _____ **Square Footage of House:** _____
Address: _____
